

YOUNG PERSONS HANDBOOK 2023

Introduction

Connections 2 Independence are introducing you to the next big step in your life. This will lead you to become fully independent. We appreciate that it can be a worrying and scary time; however, we are here to provide you with intense support to guide you through the next chapter of your life.

This handbook holds all the important documentation and expectations we require from you while you are here with us. There are also a few extra forms that you will need to agree after the explanation between you, your social worker and the appointed young person's worker.

We require your feedback throughout your placement, to ensure we provide outstanding care and services. So we've included a copy of our complaints policy and procedure: because your voice matters, and we'd love to have the opportunity to correct and change our services where appropriate. We are always here to listen and offer advice when appropriate to do so. Your social worker, Independent Reviewing Officer (IRO) and advocate can also be contacted if you wish to discuss your placement with other professionals.

This document holds our expected professional standards, so we ask that you read and sign the document within 7 days of your placement starting. In doing so, we can share the agreement with your social worker at placement planning meetings. If you've any questions, please do not hesitate to contact a member of our friendly team.

Who are we?

Connections 2 Independence provides a comprehensive support and care package to young people, who are currently supported by local authorities, schools, parents or carers. We are a small diverse team based in Gloucestershire.

It's not uncommon that young people will have come from a variety of backgrounds including homelessness, family unit breakdowns or crisis situations. That's why we empower young people to develop resilience, essential skills and move towards independence.

Connections 2 Independence developed the slogan 'Your steps, are our steps' because we recognise that each young person's circumstances are unique and often challenging; so, we pledge to make Your steps, our steps. We hope you'll become a part of our family. We strive to go above and beyond ensuring that when you turn 18 or leave our placement, you're adequately equipped for independent living. After all, even as an adult life can be complex and often daunting for many, but you're in safe hands with us at C2I.

Our priority focus during your placement to ensure you make the progress we and you'd expect. We will promise to re-create that home-from-home feel, ensuring you are at the heart of your placement and that your voice is heard. In no time at all, you'll be settled in at placement - your young person's worker will ensure your transition is as smooth as reasonably possible.

Your Steps, Are Our Steps

Your time within our service will be unique as we appreciate one model care package works for all. That is why we actively include you in the decision-making process, after all, your steps, are our steps. No matter your circumstances before engagement with our service we will be sure to get you up to speed in no time at all.

You'll share our accommodation with other services users aged 16 - 18; they may well be from a similar circumstance as yourself. But you aren't to worry about this, as we promise to never make your time at C2I one in which you'll find difficulties. Our staff are available 24-hours, and your young person's worker will ensure that your support programme is comprehensive and covers all of your needs.

Each week you and your young person's worker will set a goal; which focuses on taking small but important steps, ensuring the goal of full independence is achieved. You'll be actively encouraged to attend and make your appointments; as well as completing weekly shopping trips. When you begin to meet your milestones with documented evidence, the sooner you'll be able to move onwards to complete independent living.

We aspire to ensure you feel safe within our accommodation, we do hope you'll be the same. As your placement advances, you'll see your weekly allowance increase meaning more access to activates and additional costings. But with that responsibility, you'll also have to make sacrifices. A big part of independence is ensuring you can successfully live within your means, meaning you'll have to budget to ensure expenses such as rent, utilities and day to day living expenses are accounted for.

We understand that our service won't be for everyone and sometimes can become very overwhelming. Within our service, we rely on engagement to successfully meet your support needs. If support needs do not get met, this is not a problem. We can always review these and our service to ensure we are the best provider for you.

We know living independently is not just about moving out and having your own home. It's so much more than that. And that's why your steps, are our steps.

This living agreement is between Connections 2 Independence Ltd

INSTRUCTIONS ON HOW TO USE OUR APPLIANCES

COOKER AND HOBS

We have got a cooking system suitable for beginner and transitional cooks. In the picture below you'll see there are only two dials to use for the cooker to operate. On the left is the options in which you choose to cook which include oven and grill use. On the right are the options for temperature, which you will set depending on what is displayed on the instruction pack of the food purchased.

There are four hobs as displayed which when operating will show red meaning it is active. The options run from 1-6 and will also depend on food cooking, please always read instruction manuals before preparing meals. This will fall in line with your independent programme.

CONNECTIONS 2 INDEPENDENCE

YOUR STEPS, ARE OUR STEPS

WASHING MACHINE

Our washing machine is a Hotpoint 8kg with multiple different options displayed in the zoomed option. It is very self-explanatory which you decide which setting you like using the middle dial. Add your washing powder and softer and click go. Our washing machine has a timer to display how long each load has left. It will notify you when a load of washing is also finished.

MICROWAVE

The bottom dial determines the time set for cooking. Please ensure you read your label to how long it needs to go into the microwave. The top dial are options of cooking requirements.

FUSE BOX & TRIP SWITCH LOCATION

Our fuse box and trip switch are in the Staff Room. In the white cabinet which is to protect the sources and keep it out of site. They are clearly labelled and usable for all to understand.

COMMENTS, COMPLIMENTS & COMPLAINTS POLICY AND PROCEDURE 2023

Contents

1. Comments

- 2. Compliments
- 3. Complaints
- 4. Monitoring and Review of the Policy

1. Comments

- All comments should be recorded by the person making the comment to a member of staff, an associate or a volunteer of Connections 2 Independence.
- Staff, associates and volunteers can record any further action they think should be taken.
- Completed forms will be forwarded to the Managing Directors or their representative.
- The Managing Directors or their representative will acknowledge receipt with the originator.
- ** Copies will be filed in staff, associate or volunteer's files if relevant.
- ** Comments will be monitored monthly at management meetings.

2. Compliments

- All compliments should be recorded by the person making the compliment to a member of staff, an associate or a volunteer of Connections 2 Independence.
- ** Staff, associates and volunteers can record any further action they think should be taken.
- Completed forms will be forwarded to the Managing Directors or their representative.
- The Managing Directors or their representative will acknowledge receipt with the originator.
- ** Copies will be filed in staff, associate or volunteer's files if relevant.
- ** Compliments will be monitored monthly at management meetings.

3. Complaints

The formal complaint procedure has three distinct stages. These are

- ** Stage 1 Formal Notification: Recording, Investigation & Reply
- Stage 2 Review by Manager
- ★ Stage 3 Consideration by the Director

Complaint logging

All actions taken to resolve formal complaints should be recorded on our database. A file note should also be made of the outcome of the formal resolution of the complaint for the file.

Stage 1: Formal Notification: Recording, Investigation & Reply

There are three parts to Stage1, and these are also relevant to Stages 2 and 3. These are:

- ** Recording
- Investigation
- ** Reply

Recording

Upon receipt of a formal complaint, the Officer should log the details on the database, complete Part A of the Complaint Form (CF), attach the complainant's letter of complaint/complaint form, and pass it onto the Service Manager. The manager will send the complainant a standard acknowledgement letter explaining that the complaint has entered the formal Complaints Procedure. The Monitoring section of the form should be completed using information obtained from the complaint form.

The manager will ensure Parts A & B of the form is completed and will keep a copy of the form and the letter of complaint for monitoring purposes. The letter of complaint will be attached to the CF and passed to the Investigating Officer (IO). The IO will be the Director. However, in all cases, the response will be agreed and logged on the database.

Investigation

The IO has ten working days for the investigation to be carried out and a reply drafted. A thorough investigation is required and as such, it is likely that the IO will wish to discuss the complaint with the following people as a minimum:

- The complainant
- The Officer who originally dealt with the matter
- Any other staff involved from other teams/departments
- Any external agencies with significant involvement

These discussions should be conducted solely for information gathering purposes. Once the IO has concluded their investigations, they may find the following:

- ** The complainant's complaint is fully justified
- The complainant's complaint is partly justified
- The complainant's complaint is not justified
- ** Further information is required before a decision can be reached

Reply

The manager will remind the IO on the eighth day that a reply is due to be sent out within 48 hours. If a full reply cannot be sent on the seventh day, then an interim or holding reply must be drafted and sent to the complainant with a copy to the manager. A copy of the full reply must be appended to the Complaints Form.

Stage 2: Review by Managing Director

If a complainant is not satisfied with the decision under Stage 1, they can request that an MD review the decision. An application for review must specify the reasons for the review. The manager will acknowledge receipt (Stage 2) and pass the request onto the MD who will reply within ten working days. A copy of the reply must be forwarded to the manager.

Stage 3: Consideration by the Complaints Panel

If the complainant remains dissatisfied, the final internal stage is for the Complaints Panel to consider the matter. Once again, any application for consideration by the panel must clearly state the reasons for the matter to be considered. Again, the manager will acknowledge receipt (Stage 3) and, once considered, the panel will write to the complainant explaining the outcome. The target for Stage 3 replies is one calendar month.

Compensation

At any point in this procedure, including during the informal resolution stage compensation may be offered to the complainant, at the discretion of the Director, up to a limit of £500.

Monitoring of complaints

The manager will monitor all cases to ensure they are completed within the timescales laid down in this procedure. They will also ask and record if given, information relating to age, sex and ethnicity of complainants to help us ensure that policy, procedures and behaviour of staff, contractors or agents are not indirectly discriminating against any section of the population.

The outcome of this monitoring will be reported to the Senior Management Team quarterly.

17. Monitoring and Review of the Policy

The Compliments and Complaints Policy is a working document that will be reviewed at least once a year and, in addition, on other occasions where Connections 2 Independence is undergoing developmental change.

SAFER CARING FOR YOUNG PEOPLE POLICY AND PROCEDURE 2023

Introduction

- Connections 2 Independence has a responsibility to keep you safe once you have started your placement.
- We take that seriously but we also know that you have rights so we will respect your rights. At times your idea of being safe may not be ours but at those points, we will talk with you.
- What we tell you now is the guidance for you and the staff in trying to keep you safe.

What Will Happen

- When you are in your room, your privacy will be respected. Staff will knock on your door and will enter when you permit them. The only time that will not happen is if we believe you are not safe or doing something illegal.
- ** We will respect your personal space.
- If you are sharing the house with others, then we ask you to respect their privacy and help in keeping the house secure.
- If you feel at any time that staff/s are acting in a way that upsets you should bring this to the attention of Connections 2 Independence Ltd managers or your social worker. Please make sure you understand how to make a complaint, information on C2I Complaints, Comments, and Compliments Policy as this will be given to you when you begin your placement with us.
- If you damage anything there will more than likely be a sanction. This will be fully explained to you.
- If we believe that your lifestyle is placing you in danger of being sexually exploited, we will take action.
- Your young person's worker will inform you about confidentiality, sharing information and e-protection by giving you a copy of our Privacy Policy and going through it with you.
- If you are going anywhere that means you will be away for some time, such as a day trip somewhere, please let your young person's worker know about it.
- If you go missing for any time and you do not let us know we will report you to the Police in line with Connections 2 Independence missing person protocol.
- At all times, we will do our best to listen to you.

Review

Each year we will look at this policy and see if anything needs changing. If you feel anything needs changing, please tell management.

Structure of Independence Programme

Young people at Connections 2 Independence are expected to work through an independence programme made up of 9 different sections covering a wide range of topics that arise along the journey to independent living.

Young people are expected to attend 2 support sessions weekly and their engagement is recorded and monitored. A portfolio is created being made up of worksheets the young people have completed, case notes, photographic evidence and sign off sheets so the young person can see clearly when a section has been completed and what knowledge targets they are working towards.

The programme is made up of the following topics:

Health and Wellbeing:

- Understanding the benefits of a well-balanced diet
- Ability to plan a weekly menu and shopping list
- Understanding the importance of regular exercise and how to access sports and leisure activities locally
- Knowledge of how to access GP's, dentist and opticians and when to seek medical advice
- ** Understanding common health problems
- ** Being aware of the dangers of substance misuse
- ** Recognising drug/alcohol dependency
- ** Awareness of the importance of mental health and emotional wellbeing

Chloe-Rae Williams PCSO

Chloe has been working for the Constabulary for almost 5 years. The first 4 years were spent working in Custody Suites as a Detention Officer across the county before moving into Compass House when they opened in 2015.

Chloe started her role as a PCSO in the summer of 2017 where she worked at Barton Street police station. Chloe is now based at Quedgeley Police Station where she covers Tuffley and Grange.

CONNECTIONS 2 INDEPENDENCE

YOUR STEPS, ARE OUR STEPS

Chloe has a keen interest in visiting the local schools in the area to teach our young people to become law-abiding, productive members of society. This falls in place with the PCC's police and crime plan "Young people becoming adults".

Gordon McGaugie

PCSO

PCSO Gordon McGaugie has worked with Gloucestershire Constabulary since 2008 before this Gordon worked in Social Care caring for adults with learning disabilities. Gordon started his police career working in Cheltenham and was the named officer for Hesters Way, Springbank and Fiddlers Green until redeployment to Gloucester in 2017. Gordon has a passion for first aid and brings many skills from his hobby to the communities he serves with the police service.
