- The Independent Scrutineer will be responsible for providing robust assurance on the effectiveness of Gloucestershire’s multi-agency safeguarding arrangements. This includes evaluating how well the partnership identifies and reviews serious child safeguarding cases, and how effectively it promotes the welfare of all children.

The Independent Scrutineer will provide objective assurance on the effectiveness of Gloucestershire’s multi-agency safeguarding arrangements, with a particular focus on how these arrangements safeguard and promote the welfare of children, including the identification

and review of serious child safeguarding cases.

In fulfilling this role, the Scrutineer will assess the impact of safeguarding arrangements on children, families, and practitioners, and evaluate the strength of leadership demonstrated by safeguarding partners. To support these judgements, the Scrutineer will lead the GSCP's Quality Assurance and Scrutiny process, a structured programme designed to test, assess, and report on the partnership's effectiveness.

This process begins with the Section 11 audit, which provides a baseline assessment of statutory compliance across partner agencies. It is followed by a detailed evaluation against the GSCP's published multi-agency safeguarding arrangements and its Quality Assurance Framework.

The Scrutineer will undertake a range of scrutiny activities, including desktop reviews of meeting papers, safeguarding reports, and minutes; oversight of audits and safeguarding reviews; and analysis of performance data and exception reporting. These activities are designed to identify strengths, areas for improvement, and the impact of safeguarding arrangements on practice and outcomes.

A key responsibility is to ensure that learning from both local and national safeguarding reviews is identified, disseminated, and embedded across the system. The Scrutineer will also ensure that the voice of the child is central to all scrutiny activity, drawing on direct feedback, partner evidence, and tools such as the Online Pupil Wellbeing Survey.

The GSCP Executive will formally appoint the Independent Scrutineer to lead this process. Their findings will be presented in a comprehensive QA report, which will contribute to the GSCP Annual Report and include an independent evaluation of the partnership's performance, supported by evidence-based conclusions and actionable recommendations.

- Planning and defining the QA process with the GSCP Business Manager.
- Chair the annual S11 Panel.
- Assessment of activity against the published QA Framework.
- Desktop review of papers, minutes, meetings, safeguarding review and audit reports with full access to any papers from those meetings or activities. Seeking evidence of activity against recommendations and learning.

- KCSiE and EYFS schools and Early Years audit compliance checks
- The scrutineer will ensure that hearing and learning from the voice of the child is at the heart of GSCP activity utilising individual partnership evidence and the latest Online Pupil Wellbeing Survey
- Partners safeguarding plans and inspection reports.

## Responsibilities:

This Quality Assurance process should give the scrutineer the opportunity to assess how well organisations come together to cooperate with one another to safeguard and promote the welfare of children and to hold each other to account for effective safeguarding and to allow the scrutineer sufficient evidence to judge:

- Are appropriate and effective systems and processes in place in all partner agencies to

fulfil their statutory duties and ensure that children are protected and that appropriate safeguarding strategies are developed and embedded?

- How effective are the multi-agency safeguarding arrangements in getting a clear line of sight on single agency and multi-agency practice?
- Are the structures for the operation of the safeguarding partnership purposeful, efficient and effective?
- Are evidence, performance information and evaluation used to develop an integrated data set that supports a unified approach across the complex landscape of safeguarding?
- Do the arrangements enable space for reflection and learning from practice?
- Is the partnership able to evidence that they are having a positive impact on multi-agency working and/or front-line practice?
- What has gone well and what is the evidence to support this?
- What has potential but it is too early to assess impact?
