

Make you classroom more inclusive with these bilingual 'Welcome' signs.

Literate parents and newly arrived pupils will appreciate seeing their home languages displayed.

And *all* pupils will benefit from seeing a range of different scripts around the classroom.

Instructions:

- Print out the 'Welcome' signs
- Cut them out
- Laminate (if you have time)
- Then display them near the door of your classroom and wait for children and parents to smile and comment when they see 'their' language.

Here are a list of the languages available in this pack:

Arabic	Bengali	Bosnian
Dutch	French	Guajarati
Hindi	Latvian	Lingala
Pushto	Punjabi	Romanian
Russian	Somalian	Spanish
Swahili	Tamil	

Top tip...

Why not get children to make their own 'Welcome' signs in their home languages? Ask parents to help too.

Make your classroom inclusive.
