

Identify Needs early

Identify whether the child/young person may have additional needs. Can your agency meet these alone? If a multi-agency response is required is there and Early Help Assessment in place?

Circumstances and needs change

STEP 2

Assess those needs

Gather and analyse information on strengths and needs using the Early Help Assessment. Involve the family and partners to identify strengths.

Close involvement

Needs met

STEP 4

Review Progress

Review the action and delivery plan. Identify further needs/actions where necessary and support the child and family's progress and transitions.

Child and family

Needs Not met

STEP 3

Deliver integrated services

Determine, plan and deliver interventions to meet identified needs. Form a Team Around the Family (TAF) and agree a Lead Professional.
