Guidance

This Child Sexual and Criminal Exploitation information sharing tool has been developed for use by multi-agency partners and voluntary organisations.

It is often the small seemingly insignificant pieces of information that can come together to identify those who present risk. Partner agencies (statutory and voluntary) are encouraged to report information to the police if they believe that the information may relate to potential issues concerning sexual exploitation of children. For example this may include information such as:

- *Vehicle details including registration/make/model/colour etc.;*
- *Details of any addresses or localities where the child may have been hanging about such as the use of a particular off-licence by young people to obtain alcohol, or premises/venues where they go to consume it;*
- *Details/descriptions, including names/nicknames, of suspected perpetrators;*
- *A Facebook page of concern or other social media post, image or message of concern.*

The information will be assessed as to whether action needs to be taken to safeguard others, and whether it provides valuable information to the wider 'jigsaw'. Your concerns and suspicions will always be taken seriously.

When providing information, always give as much detail as possible, including where the information came from, how recent or how old it is, names, dates of births, addresses, vehicle details etc: Who? What? Where? When? Why? How?

Please note: This is not a referral form to use if you are worried or have concerns that a child is at risk of significant harm.

If the child is in immediate danger **contact the police on 999** (in an emergency)

If the child is not in immediate danger then contact Rotherham Children's Social Care Services to report your concerns. Call the **Multi Agency Safeguarding Hub (MASH) on 01709 336080**

If the child is not in immediate danger but you believe a crime may have been committed then **call the Police on 101**

Please email completed form to:

Rotherham.intelligence@southyorks.pnn.police.uk

The email address is only monitored 7am – 4pm
